

Unify Your Communications

AT&T (Dallas, TX) offers AT&T UC Services, designed to give customers the ability to unify their communications - conveniently delivered over the AT&T network. TT&T UC Services is accessible from almost any device, enabling employees to collaborate and communicate in real-time regardless of location. It is designed to meet the needs of today's mobile workers by:

- Providing the ability to work virtually anytime, anywhere, on virtually any device.
- Facilitating the capability to transition from one communication method to another.
